WORK EXPERIENCE

Bee Sting Robotics

Remote Finance & Administrative Support | Part-time, Remote | 2026 - Present

- Provide part-time remote bookkeeping, finance, and administrative support for an international robotics company founded by Australian and Ukrainian founders.
- Prepare invoices and organize invoice-related records in Xero to support billing and financial recordkeeping.
- Customize invoice templates in Xero to improve invoice formatting and information consistency.
- Assist with bank reconciliation support by checking transaction records against financial documents.
- Track expenses and organize finance-related information to support remote business operations.
- Communicate in English with the international team via WhatsApp to follow up on finance documentation and workflow details.

Guangxi Flood Relief Donation Initiative

Volunteer Donation Accountant | Online WeChat Mom Group Donation Project | July 2026

- Co-initiated an online WeChat mom group donation campaign with a friend after flooding in Guangxi affected local residents and homes.
- Served as income and expense accountant for approximately RMB 20,000 in donations, building an Excel-based tracker to record inflows, spending requests, approvals, payments, balances, and usage status.
- Tracked and reviewed the purchase and donation of emergency supplies to the disaster area, including baby clothes, infant formula, diapers, and other urgent items.
- Reviewed proposed fund usage in real time and rejected unreasonable or unsupported spending requests to protect donor accountability.

Ground Zero Sourcing

Bookkeeper & Finance Support | Part-time, Remote | Australia | 2023 - 2026

- Organized invoices, receipts, and supporting documents to support management review and financial recordkeeping.
- Assisted with budget tracking and basic financial reporting for sourcing-related projects.
- Worked closely with management to improve financial organization, document visibility, and record accuracy.
- Coordinated schedules, travel bookings, and administrative finance-related tasks in a remote working environment.

Jinan University

Finance Review Officer / Research Funding Administrator | Apr 2016 - Present | Guangzhou, China

- Reviewed research funding budgets, reimbursement documents, payment requests, procurement expenses, asset reimbursement records, contracts, and invoices to ensure accuracy, completeness, and compliance with internal policies.
- Supported research funding administration and financial documentation for academic and research-related projects.
- Used the Youcai financial system to process and review finance, reimbursement, and documentation workflows.
- Communicated with faculty members, professors, researchers, students, and administrative staff to follow up on missing documents, corrections, and approval progress.
- Checked financial materials carefully, identified documentation issues, and coordinated with requesters to complete required supporting documents.

- Reviewed a large-scale conference reimbursement project of approximately RMB 500,000 involving over 100 international travel receipts. Identified errors, communicated proactively with the requester, helped coordinate corrections, and contributed to reducing the reimbursement timeline by approximately two months compared with the previous year.
